MAYBE WE’RE THE PLACE JUST FOR YOU!
Students graduating from the four-year sequential program in the Indian Trail Communications Academy are well prepared for apprenticeships in the graphic arts industry or continued education in fields of design, broadcasting, journalism, animation, game design, and other forms of mass communications.

Former Communications students now attend many different colleges, including the Milwaukee Institute of Art & Design, UW-Whitewater Broadcast/Print/Web Program, UW-Milwaukee Journalism/Advertising/Media Studies Program, UW-Madison, Columbia College, Savannah College Art & Design, Madison Media Institute, Chicago Academy of Art, and University of Minnesota.

Communication Academy graduates find that they advance in college far more rapidly and easily than their peers due to the preparation they received from courses exclusive to the Communications Academy.

"COMMUNICATIONS STUDENTS HAVE A SPECIAL COMARADERIE BECAUSE OF THEIR PASSION FOR ART AND OPPORTUNITIES AVAILABLE ONLY TO THEM HERE AT IT."

- TERESA A., SENIOR ACADEMY STUDENT
