

The Kenosha eSchool Summer School 2016 info is posted to our website, including the registration steps for students: <http://eschool.kusd.edu/summer-school/>

- Registration begins on March 21st to coincide with the other high schools. Students can turn in Course Request Forms early, and I will just hang on to them.
- Open to grades 9-12 (including incoming freshmen)
- All course request forms must be received at the eSchool office by **Thursday, April 7 at 3:45 pm**. Late registrations will not be accepted.
- We will hold a lottery for enrollments on Friday, April 8. Students will be notified of their status after the lottery drawing on Friday, April 8th.
- 90 spots available. I will keep a waitlist in the order the students were drawn after the initial 90.
- Students can register for PE or Health (not both).
- Summer school runs from June 20-July 29th. There is only one session.
- New students will be added to our Orientation course starting April 11th (or earlier if they choose). All Orientations (include retakes and extensions) must be completed before Friday, May 6, because that is when they will forfeit their spots to a student on the waitlist.
